- **Active Ingredient**: Hexazinone
- Pronone Power Pellet is designed for brush control in reforestation areas, rangelands, pasture, and non-cropland areas
- It is an effective general herbicide providing residual control of many woody plants
- The product is absorbed through the roots and is activated by moisture
- It effectively controls cedar, mesquite, huisache, and numerous other unwanted trees and brush

**Restricted Sales**: Cannot be sold in CA, HI, MA, VT, WA

**MSDS Sheet**: PPmsds1.pdf
